Note:--Data are for certain fish and shellfish caught in coastal waters of Massachusetts and recorded by the Massachusetts Division of Marine Fisheries, Department of Natural Resources, in cooperation with the National Marine Fisheries Service, under the Commercial Fisheries Research and Development Act of 1964 (Public Law 88-309, as amended). The cumulative and comparative monthly data may include revisions. The weights of fish given in this table are those of the fresh fish as landed; the values are those received by the fishermen. Data shown in this table are not included in other tables in this report. The following terms indicate the condition in which the fish are landed: "round," as caught; "drawn," eviscerated; and "dressed," eviscerated and headed.
